

Let the Sparks Fly!

Knox Machinery has teamed up with GF Machining Solutions!

Don't miss our **OPEN HOUSE!**

Sept 16-18, 9am-5pm daily.

See the latest wire, sinker, and hole drilling technology.

Technical seminars and demonstrations.

Food, door-prizes, and giveaways

Save the Dates!

The world's fastest and most accurate *Electronic Discharge Machining (EDM)* equipment is here. And only Knox has it!

It was GF that first brought Die-Sinking, Wire Cut, and Hole Drilling EDM to commercial viability — and they continue to break new ground with innovative products and solutions designed to help push any shop's productivity to higher levels than ever before.

Add System 3R's scalable automation systems to GF's Swiss precision, and you gain unmatched efficiency across your operation.

Make your own sparks fly. Contact Knox Machinery today and discover just how affordable the #1 EDM in the world can be. Call **877-KNOX-CNC** (877-566-9262) or visit knoxmachinery.com.
