

It's Time for Corned Beef and Classes...

Join us as we present "Making the decision between 4th and 5th axis mills" and "MT Connect and intelligent machining". These classes will be held in conjunction with our open house, March 13th and 14th, at our Franklin Tech Center. Doors open at 9:00 am.

Wednesday, March 13th, 10:00 AM	Thursday, March 14th, 10:00 AM
When to use a 5-axis mill machine & when a 4-axis mill is more productive	MT Connect & how to get REAL machine data, by Caron Eng.
Pros and Cons of a 5-axis machines	What is MT Connect and what is NOT MT Connect
How can 4-axis out produce 5-axis	You have MT connect, now what
Steps to making a decision between using a 4th or 5th axis	What data do you want to get from your machine and how
Work holding and programming ideas for 4 and 5 axis machines	What do you need to get the information you want

Dates: Wednesday, March 13th & Thursday, March 14th

Doors open at 9:00 AM with live cutting demonstrations.

Schedule: Class is 10:00 am - 11:30 am. Lunch is served at 11:30 am.

Needless to say, there will also be the traditional Knox Machinery catered St. Patrick's Day luncheon, complete with great food, drinks, and epic networking.

RSVP by phone: 937-743-2641, or email parts@knoxmachinery.com
